

The wrong addiction treatment can do more harm than good.

It's critical to get into the right care.

But how do you know where to start?

# TreatmentATLAS.org

**FREE. CONSUMER-FRIENDLY. PROVIDER-INFORMED.**

ATLAS® is the first free resource of its kind to give transparent, unbiased information about the quality of addiction treatment facilities. The not-for-profit website is designed for patients and family members alike, and features evidence-based information to help individuals navigate the addiction treatment system.

## You can use ATLAS to...

- Take a brief assessment to determine your or your loved one's addiction treatment needs
- Locate and compare addiction treatment facilities on treatment quality
- Filter results by factors important to you, such as:

Distance

Special groups served

Languages offered

Insurance accepted

Substances treated

and more!

- Access user-friendly information on what to look for in quality addiction treatment
- Read feedback from real patients about their experiences at facilities
- Leave feedback about facilities at which you or a loved one have received treatment.

## ATLAS is currently available in six states:

Delaware

Louisiana

Massachusetts

New York

North Carolina

West Virginia

## And will be coming to more in 2022:

California

Florida

New Jersey

Oklahoma

Pennsylvania

ATLAS aims to expand nationwide. For questions on how to bring ATLAS to your state, please contact our team at [ATLAS@shatterproof.org](mailto:ATLAS@shatterproof.org). To explore ATLAS, and for more information, visit [TreatmentATLAS.org](https://TreatmentATLAS.org).
